## Title

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF MIAMI GARDENS, FLORIDA, AUTHORIZING THE CITY MANAGER TO ISSUE A PURCHASE ORDER IN THE AMOUNT OF \$206,057.89 TO SEATING CONTRACTORS USA, INC., FOR BLEACHERS, BY RELYING UPON THAT CERTAIN CITRUS COUNTY SCHOOL BOARD BID #2008-51; PROVIDING FOR THE ADOPTION OF REPRESENTATIONS; PROVIDING AN EFFECTIVE DATE.

## Staff Summary

In 2006, staff worked with A&E firms to create a signature park design, highlighting amenities slated for upgrades as part of the scheduled park renovations. A few of these upgrades include lighting, benches/bleachers, tables, signage, pavilions/shelters, fencing, playground equipment, color palettes, and overall park design elements.

Our first round of new bleachers was installed in 2006. Since that time they have been used at various sporting events and special events at both parks and pool locations, proving to be a wise investment. With the growing success of our recreational programs there are larger crowds to accommodate, hence additional bleachers are required. In addition, many of our original bleachers have become victim to vandalism, being dismembered for their aluminum parts (i.e. seating planks and foot boards) compromising the safety of those units, hence replacements are needed.

With this particular transaction we would be replacing thirty-seven (37) units for galvanized bleacher sets and will purchase an additional sixteen (16) galvanized sets.

The attached quote reflects the pricing as outlined in the Citrus County Schools Bid #2008-51, awarded to Seating Contractors USA, Inc. allowing for the purchase and installation. Funding for these amenities has been budgeted in the capital equipment and parks operational budgets.

**RECOMMENDATION:**

It is recommended that City Council approve the resolution authorizing the issuance of a purchase order to Seating Construction USA, Inc. located in Brooksville, Florida in an amount of \$206,057.89 for thirty one (31) 21' – 5 row galvanized bleachers, six (6) 15' – 5 row galvanized bleachers and sixteen (16) 15' – 3 row galvanized bleachers.
