Title

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF MIAMI GARDENS, FLORIDA, AUTHORIZING THE CITY MANAGER TO ISSUE PURCHASE ORDERS ON AN AS NEEDED BASIS TO AUTO HOLDING CORPORATION FOR AUTO BODY REPAIRS IN AN AMOUNT NOT TO EXCEED THE BUDGETED AMOUNT OF \$136,000; PROVIDING FOR THE ADOPTION OF REPRESENTATIONS; PROVIDING AN EFFECTIVE DATE.

Staff Summary

The City has an extensive fleet. We have 335 vehicles with approximately 299 on the road at any time of the day. With a fleet of this size, accidents occur and we experience vehicle vandalism. The necessity of a qualified auto body repair facility is needed.

Analysis:

Currently the City contacts at least three auto repair facilities for quotations each time a need arises, this process is very time consuming in that each time a vendor is requested to provide a quote, staff has to perform a thorough investigation for licenses, insurance etc.

Staff prepared specifications to establish a term contract with licensed auto repair facilities on an as needed when needed basis for an initial period of two years with option to renew for one two year term. The contract is non-exclusive with two companies being pre-qualified. Quotes will be obtained from the two companies for auto/collision repairs.

The solicitation ITB#07-08-052 advertised on August 25, 2008. A broadcast notice was sent to 249 vendors. Five vendors requested bid packages. The bids were opened on September 19,

2008. Two bids were received and publicity read. A copy of the bid document and submittals are available at the assistant to the mayor and council's office for review. The tabulation sheet is attached as Exhibit "A".

The bid submittals were evaluated for compliance with the specifications, their ability to perform the work, location of facility, qualified personnel, and proper equipment. References were checked with favorable results. Based on our evaluation, both submittals are responsive to our needs. This would allow us to pre-qualify them and obtain quotes and use their services as the need arises.

References were checked with favorable results.

In instances where insurance claims are involved, funding is offset by the City's or third party insurance. Funding for these repairs is available in the Fleet fund – repairs and maintenance yearly budget of \$136,820.00.

Recommendation:

The City Council approve the attached resolution authorizing the City Manager to issue purchase orders as needed for auto body repairs to Auto Holding Corporation, located in Ft. Lauderdale, Florida. The service locations are Maroone Chevrolet, Maroone Dodge and Maroone Ford.
