Title

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF MIAMI GARDENS, FLORIDA, AUTHORIZING THE CITY MANAGER TO ISSUE A PURCHASE ORDER TO SOFTWARE HOUSE INTERNATIONAL D/B/A SHI IN THE AMOUNT OF \$205,000.00, BY RELYING UPON THAT CERTAIN STATE OF FLORIDA BID NUMBER 255-001-01-1; PROVIDING FOR THE ADOPTION OF REPRESENTATIONS; PROVIDING AN EFFECTIVE DATE.

Staff Summary

The number of total employees for the city has grown to over 500 full-timers, most of whom use the computers and require Microsoft Office products. Each Microsoft product requires a different license. The licensing process requires that we register the actual usage on an annual basis, at which time we would be charged for any additional licenses obtained during that year.

Last year we paid for licenses for the software to support 86 employees, which was the number of registered users we had at that time. Since then we have added over 320 users and added the software as needed, primarily in the Police Department. We are now required to do our annual reconciliation and pay the cost of the licenses for Microsoft software being used by the city. The cost to reconcile is \$205,000. This cost

covers all users and applications for all of the cities assets. This quote is from Software House International, the state approved vendor for Microsoft software licenses and is at the posted state rates.

A detailed description of the included licenses is provided as **Exhibit A**.

Recommendation:

We recommend that the City Council approve the expenditure of \$205,000 to Software House International, the state approved vendor for Microsoft for software licenses for the City.
