

Bulky Waste Pickup

Dear Miami Gardens Residents, before putting furniture, tree cuttings and other bulky waste items at the curbside, did you know that you could schedule a bulky waste pickup by calling 3-1-1 or entering a request online? This service is provided **FREE OF CHARGE** twice a year to all Single Family Households in the City of Miami Gardens.

Each household receives two (2) bulky waste pickups during the fiscal year (October 1 - September 30) of up to 25 cubic yards each.

Your trash will be picked up within one (1) to eight (8) days from the date you indicate you are ready. Your trash must be placed at the curbside by the day you say it will be ready for pickup, as the collection could occur as early as day 1.

Trash should be placed at the curbside adjacent to your residence within 10 feet of the street and at least five feet from mailboxes, parked cars, trees, utility poles, sprinkler heads and other obstructions that might be damaged by the collection equipment. A 15-foot clearance is required from the ground to the lowest hanging tree branch or power line.

However, if you have more bulky waste that needs to be disposed, you can always bring it to one of the [3 Neighborhood Trash and Recycling Centers](#) that are located in the City of Miami Gardens.

These are:

South: **Golden Glades 1, 2***
140 NW 160 Street

West: **North Dade 2***
21500 NW 47 Avenue

East: **Norwood**
19901 NW 7 Avenue

Below is a sample listing of acceptable and not acceptable items.

Acceptable	Not Acceptable
Furniture such as mattresses, sofas, chairs, tables, cabinets and carpets (must be rolled).	Garbage (food and kitchen waste)
White goods or appliances such as stoves, refrigerators, freezers (refrigerator and freezer doors must be removed), water heaters, washing machines, dryers.	Large Tires (48" or larger)
House fixtures such as kitchen cabinets, bathtubs, sinks, vanities	Rock, dirt or sand
Fences (chain link and picket fences must be rolled and no higher than five feet).	Free-flowing liquids
Tree cuttings (must be no more than five feet in length)	Oil-based paint
Construction and demolition materials to include steel, concrete, glass, brick, asphalt, roofing material, lumber, drywall and tile (limited to less than one cubic yard, a pile slightly larger than a washing machine).	Household chemicals
Electronic equipment such as TVs and computers (residents are strongly encouraged to take all electronic equipment to one of the two Home Chemical Collection Centers or one of the selected TRCs that accept electronic equipment. Visit Electronics Drop-off Locations for the list and their addresses.	Auto parts
Disabled power tools such as lawnmowers (they must be completely free of fluids such as motor oil or gasoline).	Central air units
Tires, with the following limitations and conditions: No more than four (4) tires, without rims Tires must be smaller than 48" in diameter Tires must not be mixed in with your bulky waste pile but rather they should be placed to the side of the pile so the driver can see them	Fiberglass used for insulation
	Any single item weighing more than 150 pounds

Again, don't forget that this service is free of charge and benefits all in our community to have streets and swale areas clear of bulky waste.

Help us keep Miami Gardens Beautiful.
